On our farm we did
many activities

BUT first we had to sort out all our jobs for the day

Jam making has always been part of
life on our farm

Working with Benny on the old farmhouse

There was always time for fun!!!

As a family we also love to
celebrate our seasons..... by
having a barbecue during the
summer, a spooky Halloween
party and of course our
Christmas party!

We also got to make PUDDINGS!

Future for Social Farming

Having heard our story I hope those in positions of influence have truly listened with open minds and open hearts and make a decision which is based on intelligence and wisdom.

In other words make a “smart wise” decision for us all to move forward.

And so...

It is only with the heart
that one can see rightly ;
what is essential is
invisible to the eye.

(Antoine de Saint-Exupery)
